

SPECIAL EDUCATION TASKFORCE

Measuring Student Progress

Presented By:

Liz DeLibero

Parent Network of the Capital Region

Progress monitoring is the practice of assessing student performance using assessments on a repeated basis to determine how well a student is responding to instruction or intervention. Information gained from monitoring is essential to planning and delivering effective intervention. In this workshop, Ms. DeLibero will explain Progress Monitoring in plain language and how it fits in with Response to Intervention (RTI) and IEP goals. She will also cover easy, effective monitoring strategies for ensuring student progress.
